

PRATYATOSHA REVEALS HOW URMILA DD BETRAYED HIM AT BKG'S URGING.

In this text Pratyatosha describes the secret unchaste relationship that Bir Krsna "Goswami" was having with his wife Urmila dd. How BKG turned his wife against him and how he was ultimately forced into a legal separation by her and in other ways betrayed by Urmila dd.

Dear Jivan Mukta and Sita Prabhus,

Please accept my humble obeisances. All glories to Srila Prabhupada!

Have living near the Hillsborough, NC temple for over five years, I have a great deal of personal experience with Bir Krishna Maharaja's questionable activities including lying and duplicitous dealings. I have communicated with him about these activities in private on numerous occasions, but he has thus far been unable to rectify himself. The situation seems to get worse and worse as the years go by. I think that it has now gotten completely out of hand.

As you know, I've been doing a great deal of traveling lately, and after talking with hundreds of devotees, I was surprised to find out that **if I tried to say anything**

good about BKG, I would often immediately get shot down! I honestly couldn't find anyone who had anything good to say about him! Many of these devotees were with him in Miami or Gainesville, or they are currently living in North Carolina, so they know him very well.

A very senior godbrother, who personally witnessed how BKG deals with the women at "BKG's temple", gave a detailed, step-by-step explanation of how he is engaging in subtle sex with them. A third senior godbrother was present at the time. I recounted these details (including all names) to a GBC/sannyasi/guru (in private) and later to a temple president (in private). Having dealt with sensitive matters with ISKCON authorities in the past, I was fully expecting these devotees to try to avoid the issue by putting me down or by putting down the witness. For example, years ago, when I tried to criticize a temple president to a GBC man, the GBC man said, "Well, who are you? You just have a ***** job!" But neither of these authorities I recently spoke to did either of these things! They had absolutely nothing critical to say about the witness or myself! I thought, maybe there's still hope! The temple president immediately accepted my explanation of BKG. The GBC/sannyasi/guru said, "I don't know, I have no experience of such things."

I have personal documentary proof of BKG's duplicitous, lying ways. Here is an excerpt from a proposal that my wife gave him a copy of a few weeks ago:

Proposal for Producing An Enhanced CD Version of the Bhagavad-Gita Illustrated Introduction CD as a Pilot Project for Future Gurukula Curriculum Development on CD-ROMs and to Accompany the Sale of the Book by the Same Title

Grand Total being requested \$4470.00

Please note that this proposal clearly provides for me to build living facilities for myself on "BKG's temple" property.

Here are quotes from BKG's replies to me about the proposal (no other receivers):

Email message WWW22989, 26 Oct 96: "Yes, I saw the proposal that you typed up and I think that it is first class. We definitely should start work on this asap."

Email message WWW23026, 27 Oct 96: "Yes, I could sign the proposal. No changes are necessary."

Here is a quote from a message BKG sent to my wife (no other receivers):

Email message WWW23375, 04 Nov 96: "I don't want Pratyatosa living at the temple. Finished. Bas. Never. Nunca. Jamais."

[I'm sure my wife is very impressed with your clever wit, Maharaj!]

Here is a quote from a message BKG sent to me (no other receivers) after I confronted him with the above message on Nov. 7:

Email message WWW23575, 07 Nov 96: "It is just that I firmly believe it is an incompatible situation to have you living here, and I wrongly did not convey this information to you previously."

Now my proposal, which I spent alot of time working on, is completely out the window!

Chanakya Pandit says: "One should avoid a friend who speaks sweetly in one's presence and acts against one behind one's back. Such a friend is like a pitcher full of poison, with milk at the surface."

I did not communicate with BKG between the time he sent the 2nd message to me and the time he sent the message to my wife. I never saw him during this time because I was out of town. It wasn't until Nov. 7 that I said anything to him about the message, so he had plenty of time to contact me directly, and even though my wife requested him to do so, he never did. It was only by Krishna performing an incredible miracle that I obtained a copy of this **and several other personal**

http://july9th.allalla.com/ISKCON_stuff/Gurus_GBC_leaders/PrayatosaOnBeerKrsna.txt[12/21/13 9:32:20 AM]

messages from BKG to my wife. In another message from BKG to my wife, he also criticized me to her. Even the statements that were not critical were much too casual!!!

[Speaking in private to a married woman is considered adultery according to Manu. Manu also states that if a husband instructs another man to not speak to his wife he must be obeyed.]

I also miraculously received copies of several personal messages from Harikesa Maharaj to my wife (no other receivers) which I also considered too casual, including one that says "I'm not a big gun, I'm just a little fire-cracker." [I'm sure my wife is really impressed with your humility, Maharaj!] He also sent a message critical of me, behind my back, which got to my wife. When I confronted him with it he wrote back: COM465830, 08 Nov 96: "Please do not write to me anymore." plus some sarcastic remark, and that's it!

I humbly requested both of them to send me copies of all of their future private email messages to my wife, and that they request her to do the same, **but BKG said that he had to get my wife's permission first!** From HKS there has been no reply, and I have not received copies of any messages, so far, even though this exchange occurred weeks ago.

I personally want BKG off of the board of directors of ISKCON Education of NC, Inc. (My wife's gurukula). I have requested that he resign on several occasions in the past, and each time he said that he would, but he never did! I do not think that he is a good influence on my wife and children, and I want him off!

When I got back from Denmark, this past August, I was told that I had been unanimously voted off the board by all of the other board members including my wife and my oldest son! This supposedly happened while I was in the air over the Atlantic! I asked BKG for an explanation and he said, "I just do whatever she says." I asked my wife why I was voted off the board and she said, "The board was a farce when you were on it because everybody just went along with everything that you proposed." I said, "If you wanted me off the board, why did you leave it to the last minute. I've been gone for 4 1/2 months." She said that she was hoping that I wouldn't come back until after our daughter, Yamuna, was 18, so that my daughter could replace me on the board, so our family would still be the majority!

I hope this finds you both in good health and blissful Krishna consciousness.

Your servant,

Pratyatosa dasa

P.S. I would appreciate it if I could get some feedback on this from our distinguished list of receivers!

Dear Prabhus,

Please accept my humble obeisances. All glories to Srila Prabhupada! Please excuse the emotional nature of the following letter, but I'm more than a little upset by what has recently transpired.

Someone hacked into my "pratyato...@hotmail.com" account last night, and changed the password. They also changed the answer to the question "What is your mother's maiden name.", so I can't get back into the account! This means that I can no longer receive any messages that are sent to that email address, and I was recently receiving messages to that email address almost daily!

This is illegal, and is a clear violation of:

<http://www.un.org/Overview/rights.html>

"The United Nations Declaration of Human Rights

"Article 12

"No one shall be subject to arbitrary interference with his privacy, family, home or correspondence, nor to attacks upon his honour and reputation. Everyone has the right to the protection of the law against such interference or attacks."

Is it just a coincidence that this is the email address which I was recently using to communicate with my wife? My "pratyato...@hotmail.com" account, and my "pratyato...@hotmail.com" account could have been hacked just as easily, but they weren't! My "pratyat...@hotmail.com" account is the one that I usually use to communicate with my wife, but it has a more difficult "Password Hint Question" to answer, one that even my wife would not know.

Just to give you a little background, ever since my wife and I moved to North Carolina in 1991, Bir Krishna dasa Goswami (BKG) has been working on trying to turn her against me in very subtle, devious ways. He was doing many of the

http://july9th.allalla.com/ISKCON_stuff/Gurus_GBC_leaders/PrayatosaOnBeerKrsna.txt[12/21/13 9:32:20 AM]

things which I would normally have done for her in 1991, when she was living in NC, but I was still spending most of my time in Detroit, working on selling the two houses which we owned there.

BKG is of Jewish background, and was born and raised in New York City. My wife is also of Jewish background, and she was also born and raised in New York City. This gives him a big advantage over me, who was born and raised as a "hick"/ "country bumpkin" from a remote area of Michigan's "Upper Peninsula". (See: "Preaching Center for Toots* and Yoopers*? (Good Source For KC Husbands?)" - http://www.com.org/hb/ptd/Toots_and_Yoopers.htm). **Another thing that they have in common is that they both want to be ISKCON leaders and "gurus", they are both very attached to name, fame, and reputation, they are godbrother and godsister, they are both in charge of independent ISKCON projects (an ISKCON temple and an ISKCON school), they both live in the woods on adjacent hilltops a short ten minute walk from each other, they both live alone and have completely private entrances coming in out of the woods, etc.**

She may have gotten quite attached to him in 1991, while I was still living in Detroit. This may have had the effect of turning her more and more against me when I lived with her in NC between 1991 and 1996, because I would very often criticize him.

In 1996, she obtained a restraining order and a legal separation from me against my wishes. Now that I've been gone for over 3 years, BKG is more than likely still doing things for her that a husband would normally do.

My theory is that the hacking was done by BKG a.k.a. Bruce Jacobs of Hillsborough, North Carolina, USA. He and my wife, against my wishes, are both on the board of directors of "ISKCON Education of North Carolina, Inc.", the non-profit corporation which owns my wife's house, where she runs an ISKCON boarding school.

My wife and I are currently at odds about the multi-million dollar lawsuit which I am involved in against ISKCON for horrendous sexual child molestation and rape in ISKCON's boarding schools.

[This happened 3 years after she forced her husband to separate from her at the urging of BKG. This may have also motivated Pratyatosha to start the lawsuit, to punish the GBC, that is, BKG for disturbing his marriage.]

Recently, all of my 175 "Saved" messages on WWW-COM, a private Internet discussion Web site which is owned by my son, Murari Dasa (SDG), who also

http://july9th.allalla.com/ISKCON_stuff/Gurus_GBC_leaders/PrayatosaOnBeerKrsna.txt[12/21/13 9:32:20 AM]

happens to live in Hillsborough, NC, just on the other side of my wife's (his mother's) house (on the side away from the woods).

Yesterday I received a second apology from my son for losing my messages, but every time that I ask him, "Why did 26 out of 175 suddenly reappear, and then disappear again?", he just ignores me. The 26 messages that temporarily reappeared just happened to be ones that could not possibly be of any value in fighting a lawsuit against ISKCON, but many of the missing ones were very incriminating to ISKCON leaders such as Badrinarayan, Harikesa, and BKG. Another coincidence???

My speculation is that restoring some of the messages was my son's idea, but then BKG told him that this was a bad idea because then how was he going to answer the questions, "If you could restore some of them, then why not all of them?", and "Why are the ones that were restored of the 'non-incriminating' variety?", so he again deleted the 26 also!

I intend to immediately notify the FBI and a...@hotmail.com. This time he has gone too far!!!

Pratyatosa,

As many devotees can testify, I am not much of one to speak out against Vaishnavas, the GBC, or any individual. However the exact same scenario you describe with your wife in North Carolina has also happened with a dear and honest friend of mine.

http://july9th.allalla.com/ISKCON_stuff/Gurus_GBC_leaders/PrayatosaOnBeerKrsna.txt[12/21/13 9:32:20 AM]

He was actually just narrating the story to me on the phone last week when I spoke with him. This situation has led to... well, so many problems that culminated in he and his wife splitting up.

Anyway, Pratyatos, I disagree with you 99% of the time. But I know that on this issue you are speaking the truth.

Just to clarify my previous post a bit:

I am not saying I agree with Pratyatosas naming Bir Krsna as the culprit in his hacking, **but the "background" scenario he layed was certainly true.** A very simpleminded and sincere Vaishnava friend of mine had the exact same scenario apply to him.

And yes, Sundeep and others, it is true that this is certainly his Karma. But just because it is his karma does not mean that the parties guilty of the offenses are not to be held responsible. If I were to kill someone, this could not happen unless it were their karma to be killed. Yet still, I would be heaping karma upon my head.

So we cannot use Pratyatosas previous offenses as justification for any wrongs done to him. That is not Vaishnavism. That is some pretty heavy authoritarian dynamics that have no place in a spiritual society.
